OCTOBER 1ST OFFICIAL REST DAY

To all our clients, collaborators and friends.

Today, September 24, the Chamber of Deputies culminated the legislative process by approving the initiative to reform Section VII of Article 74 of the Federal Labor Law, which establishes that, from now on, October 1 of every six years will be a mandatory day of rest on the occasion of the transfer of the Federal Executive Power.

It remains for the President of the Republic to send this reform for its publication in the Official Gazette of the Federation, which should happen before next Monday.

It is crucial for companies to prepare for this new provision.
